

COVID-19 Safety Measures

We're thrilled to announce that we'll be reopening SPACE2B for in-studio sessions on 24 June.

We have missed you and can't wait to welcome you back.

If you'd like to drop by, reservations can be made [here](#).

In accordance to the guidelines, please take note of the measures below.

Keeping Everyone Safe

Please check in via SafeEntry upon arrival.

We will be taking your temperature.

We kindly ask you to stay home if you display a temperature above 37.5 °C

Social Distancing

We have reduced class sizes to accommodate the safe distancing of two metres spacing between each student.

Due to reduced class sizes, we kindly ask you to cancel your class 6 hours in advance if you are unable to attend.

Personal Protection

Yoga mats will be provided for your session.

Please feel free to bring your own mat, towels, blankets, scarfs, eye pillows or props, if you wish.

You are recommended to have your face mask on at all times.

Hand Sanitising

Food grade hand sanitiser is prominently placed at our studio entrance and all guests are encouraged to use upon arrival.

Cleaning & Disinfection

Additional and increased frequency of cleaning and disinfectant measures have been implemented.

New Air & Surface Sterilisation Solutions

We will be installing Cerafusion™ technology solution for sterilising air and surfaces naturally.

This new technology generates active oxygen and cutting-edge UV and photoplasma technologies to disinfect surfaces and enhance air quality.

When you find yourself at home, our [online #livestream](#) option continue to be available.

We strive to provide a safe place for everyone to practice meditation.

We thank you for your patience and support during this unprecedented time.

We look forward to seeing you back at SPACE2B.
