

1 September 2020

Dear SPACE2B members:

We have re-opened our physical space on 19 June to welcome all of you back for Meditation and Sound Healing.

As our physical studio was required to be closed in keeping with government safety measures during the COVID Phase 1 period, we have placed an auto extension to all existing memberships for an additional 4 months, until 30th Nov 2020. Thereafter, there will be no further extension to the memberships.

*(Please note this does not apply to all memberships purchased after June 19, 2020, which are not eligible for any extension.)*

Rest assured that since the 19th June 2020, Phase 2 start of the post-Circuit Breaker period, we have implemented and continue to adhere to the necessary safety and safe distancing measures within our studio which is currently restricted to 5-6pax. See [SPACE2B safety measures for COVID-19](#).

We look forward to seeing you back to the studio for your practice!
